FarmID

INFORMATION FOR ORGANISATIONS

Farm work in Europe, transparent and recognised.

FarmID brings **workers, farms and cooperatives** together around a **digital skills passport**, so that people who work the land get recognition for what they can do, in every country and every language.

The challenges we address

Finding skilled staff: at key moments of the season, when every day counts.

Opaque intermediation: which penalises honest workers and farms.

Invisible skills: experience and qualifications rarely documented and hard to verify.

Seasonal work across borders: skills that must be understood in every language.

One platform, three users

WORKER

Their passport, their work.

- Creates a free passport: crops, tasks, machinery, certificates.
- Receives only offers matching their profile and area.
- Applies in one tap and is rated at the end of the job.

FARM

The right people, when needed.

- Posts a request: job, period, place, required skills.
- Reviews candidates' passports and confirms the team.
- Manages calendar, messages, ratings and statistics.

COOPERATIVE

The right members for each offer.

- Registers its workers and fills in their passports.
- Sees which members meet the requirements of each offer.
- Applies and follows outcomes; the farm sees its contacts.

The digital farm passport

Products and crops known

Machinery and equipment they can operate

Experience and ratings from farms

Tasks: pruning, harvesting, grafting, transplanting...

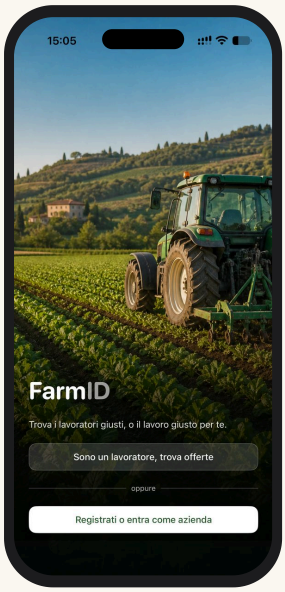

Certificates with expiry dates

FarmID

FARMID.EU

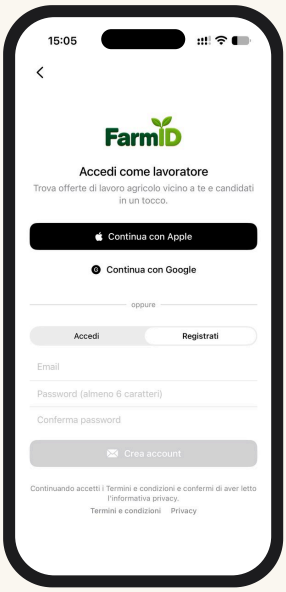

Getting started: the worker creates a passport

Free, from a phone, in about 5 minutes. Download FarmID from the App Store (Android coming soon) or go to farmid.eu.

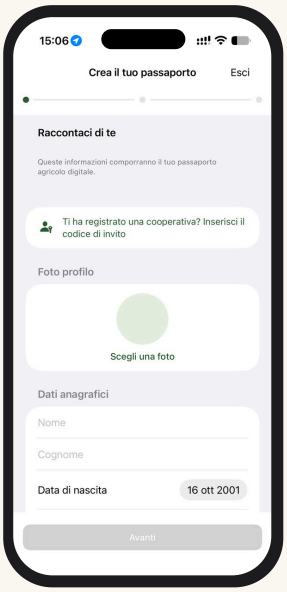

1 Open the app

Tap “I am a worker, find offers”.

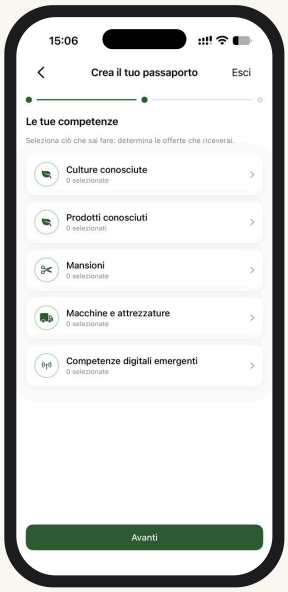

2 Sign up

With Apple, Google or email and password.

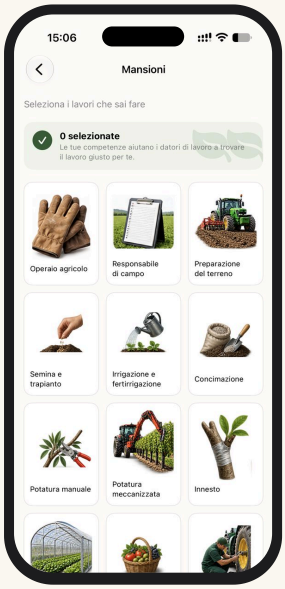

3 Personal details

Name, date of birth, photo. If a cooperative registered you, enter the invitation code.

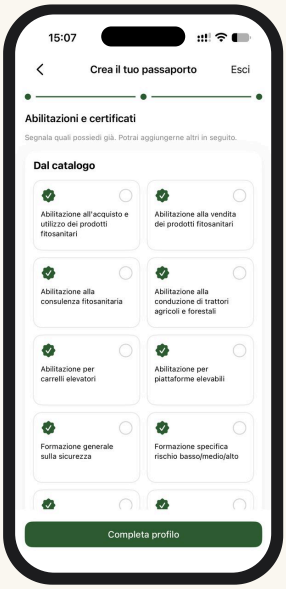

4 Your skills

Five sections: crops, products, tasks, machinery, digital skills.

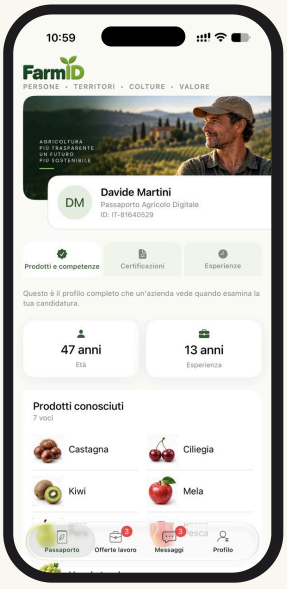

5 Select what you can do

Tap the pictures: they decide which offers you receive.

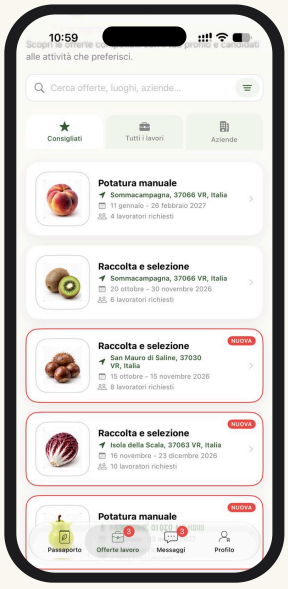

6 Licences and certificates

Tick the ones you hold, with expiry date. Then “Complete profile”.

7 The passport is ready

With a personal code. It grows with every job and rating.

8 Get offers and apply

“Recommended” shows offers that suit you; apply in one tap.

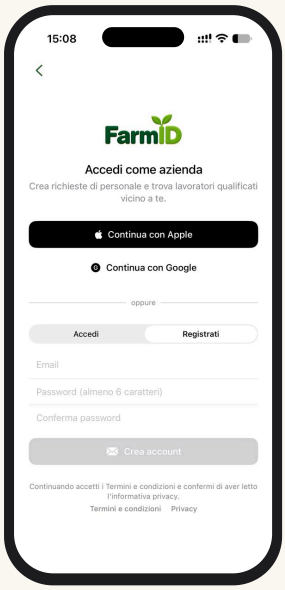

App screens shown in Italian. The app is also available in English, Spanish, French, German, Romanian, Arabic and Punjabi.

FarmID

FARMID.EU

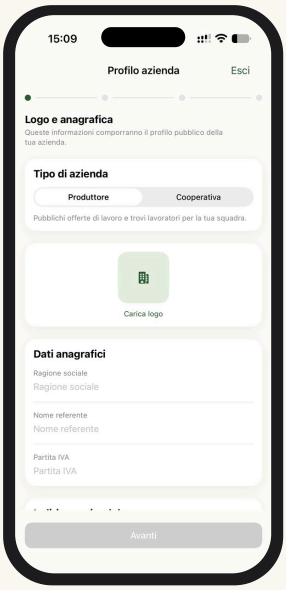

Getting started: the farm posts an offer

From the app or a computer (farmid.eu, farms section). The profile is created only once.

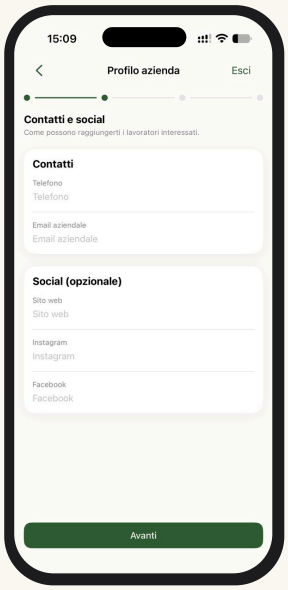

1 Sign up as a farm

From the start screen: "Sign up or sign in as a farm".

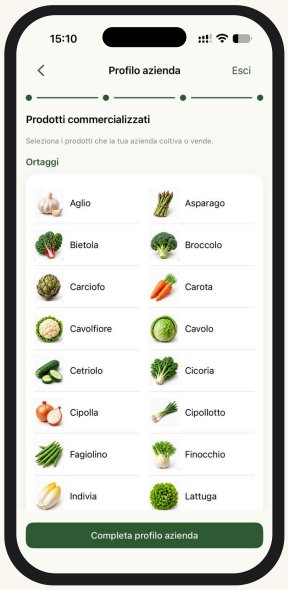

2 Logo and company details

Producer or cooperative, company name, contact person, VAT number.

3 Contacts

Business phone and email; website and social media optional.

4 Certifications and products

Organic, GlobalG.A.P., PDO, PGI... and the products you grow.

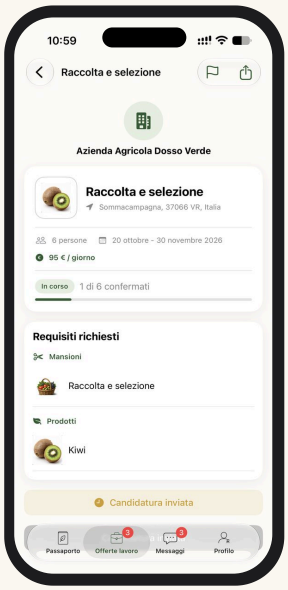

5 New request

On the Home screen tap "New request".

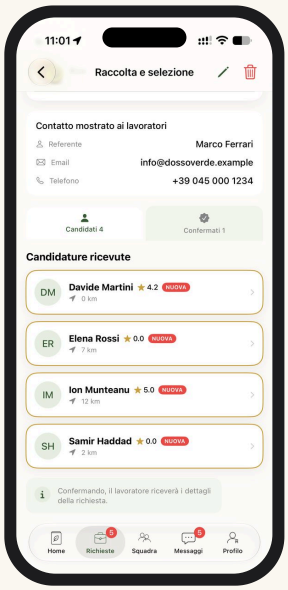

1. Job or tasks required.
2. Number of people, dates, location, indicative pay and requirements (products, machinery, certificates).
3. Preview and "Send request".

6 Fill in the offer in 3 steps

7 What workers see

The offer only reaches people with the required skills in the area.

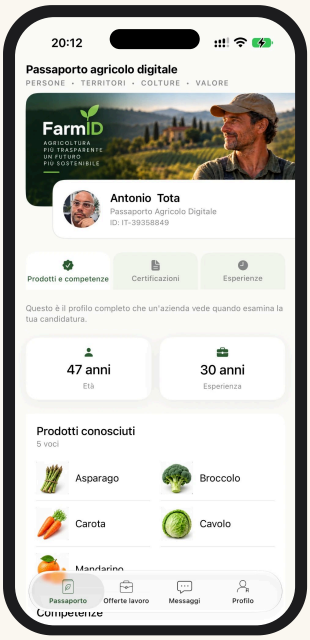

8 Choose and confirm

Review candidates' passports and confirm your team.

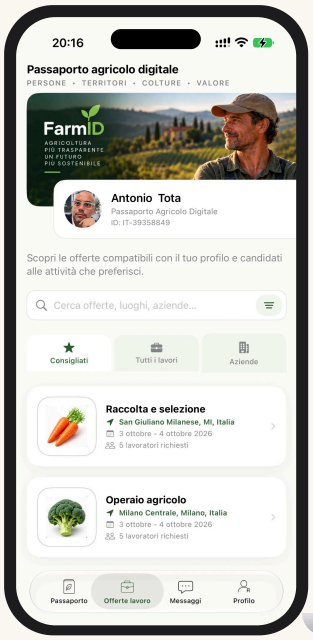

App screens shown in Italian. The app is also available in English, Spanish, French, German, Romanian, Arabic and Punjabi.

Why FarmID

Free
for workers, who keep ownership of their data.

Multilingual
app in Italian, English, Spanish, French, German, Romanian, Arabic and Punjabi.

Transparent
direct contact between those offering and seeking work, with no irregular intermediaries.

Traceable
applications, confirmations and ratings recorded on the platform.

How your organisation can help

1. Tell members, farms and workers about FarmID (newsletter, offices, social media or WhatsApp).
2. Point us to farms or cooperatives interested in a free pilot next season.
3. Display or hand out the workers' flyer, available in several languages.
4. Give us feedback on what the people you represent really need.
